

Praxair Announces Construction

Praxair has recently announced plans for the construction of a new 14,000 square foot facility to be located on County Road 42. The building, which is expected to be completed by September will be designed and built by Rosati Construction Inc. and will provide new office, showroom and warehousing space for the company.

Praxair is the largest provider of industrial gases in North and South America and is the largest supplier of carbon dioxide and helium in the world.
